NO. 47

Circuit Court.

Circuit court convened Monday with Judge Benton on the bench and Commonwealth's Attorney B. A. Crutcher prosecuting. Judge Benton's charge to the grand jury was one of severe arraignment of the violators of the local option laws existing in the county and pistol carrying. The Judge will do his part as he has always done toward making Powell a law-abiding county, and if the grand jury will do its part and the petit juries their part, the laws will be upheld and the guilty punished as they should be. Every citizen of the county should have heard what Judge Benton did say, and it is hoped that in the future there will be more present on the first day of future courts to hear his able and instructive messages to the grand jury.

Child Burned to Death.

The 3-year-old child of Mr. and Mrs. Andy Ledford, who reside in the lower part of the county, had its clothes catch fire Monday afternoon, and before the flames could be extinguished had been so badly burned that it died Tuesday night. Burial Wednesday at Powell's Valley graveyard.

One Successful Newspaper Man.

Joseph H. Hays, Jr., proprietor of the Clay City Times, in which he served as a Union soldier, was still in reduced circumstances, left a gross estate, taxable in New York State, of \$18,200,000.

L. & E. Extended to McRobert.

A special from Whitesburg, Letcher county says: "At 3 o'clock Thursday the steel gang on the new extension of the Lexington & Eastern railroad from Jackson up the North Fork of the Kentucky river laid the last steel into McRoberts, the bustling, industrial city at the terminus of the road. For months the track layers have been rushing with all possible haste to reach McRoberts. With a full force of men and one of the latest improved track laying machines considerable progress has been made and the hopes of the officials have been even more than realized as it was not expected that McRoberts would be reached before November 25. The day for the celebration of the arrival of the first train into the industrial center was well advertised and as a result several hundred country folks came from the surrounding section besides the inhabitants of the city were on hand to greet the iron horse.

Soft Drink's Establishment.

The Clerk's report to the Circuit Court Monday showed that there had been since the last term of court license issued for nine soft drink establishments in this county. Soft drink establishments, places where sometimes a person can get drinks so

knock him down with drunkenness.

Forest fires have been raging in several pieces of woodland in various parts of the county for several days.

WM. BOWEN, JR., KILLED AT FILSON SUNDAY.

Wm. Bowen, Jr., former Sheriff of Powell county, was shot and killed Sunday afternoon by Henry Skidmore near Filson. Reese Bowen, a brother of the dead man came up and upon seeing that his brother was shot inquired "who had shot Billy", but not waiting for an answer shot Skidmore. A special train was ordered and Skidmore was taken to a Lexington hospital Sunday night where he is doing well. Reese Bowen came to Stanton and gave himself up and was locked up in jail to await the result of Skidmore's wound.

Bowen was shot twice, once in the thigh and once in the bowels. Skidmore claims it was accidental. Bowen was not armed. Skidmore was shot in one eye and the ball came out in the top of his head. Alvin Hon is said to be the only eye-witness to the shooting, and he refuses to have much to say about it.

The only cause for the trouble is said to be too much "moonshine", of which there is said to be an abundance of in that section.

Man Shot by Fall.

Mr. J. H. Smith fell Tuesday night at his home on Hardwick's creek, and sustained a slight dislocation of the shoulder, and also bruised both arms. He is doing well notwithstanding his advanced age of ninety-four years.

In the arboretum back of the State Capitol at Frankfort that was planted last week in which every county in the State had a tree planted to represent such county, Powell had two yellow pines transplanted to represent the county.

In a suit filed at Frankfort the Metropolitan Life Insurance Company prays an injunction against the State Insurance Commissioner to restrain him from prosecuting an investigation into lapsed-policy records.

According to the statement of a mutual friend and adviser of President-elect Wilson and William Jennings Bryan, the Nebraskan will be offered the post of Secretary of State and will accept.

Miss Lucinda Snowden and Mr. Gardner Nelson were married at Winchester Tuesday morning by Judge Evans. It is the second venture of the groom and the bride is seventeen years old.

Woman's suffrage seems to be in favor and growing every day. At the recent election the four states of Michigan, Kansas, Oregon and Arizona voted to extend equal rights to the fair sex.

Examination by specialists of students of Highland College, in Breathitt county, disclosed that 90 per cent. were afflicted with the hookworm disease.

Blackleg in cattle has broken out in some sections of the State.

Big Logging Job.

Mr. H. G. Crabtree, of Clay City, was in Winchester Monday and reported the beginning of logging work on the eight million foot timber tract in Powell county. Mr. Crabtree is getting out the timber for M. C. Clay, of Mt. Sterling, who recently purchased this big piece of timber land, which is known as the Payne tract.

The land is situated on the North Fork of Red river in Powell county and is one of the largest tracts in the mountains.

Mr. Crabtree went to Mt. Sterling on the late train and will go on to look after the logging work.—Winchester Sun.

Sent to the Pen.

Taylor Wiseman, an ex-marshal of Campton, has been convicted in the Powell Circuit Court for passing worthless checks on merchants in this city, and sent to the penitentiary for a term of from two to five years.

With Representative Cantrill, a member of the House Committee on Public Buildings, Kentucky districts are expecting, it is said, to share sumptuously in the "pork barrel" measures.

G. M. Conlee and family, of Montgomery county, visited relatives here and in the county last week.

The prevailing beautiful weather is called Indian summer by older citizens.

The Parcel Post System, which was established by an Act of Congress of August 24, 1912, to begin operation January 1, 1913, has awakened great interest all over the country, especially in the rural districts and among the numerous small order houses. Other countries have, for some years, enjoyed the benefits of this cheap and convenient method of delivery for small packages; and our Government has also, for some years, had treaties with several foreign countries by which it agrees to deliver parcels sent in this manner from such countries to persons in the United States. There seems to be no reason, therefore, why this country should not put the system into operation to the benefit of a large portion of its people.

The scheme as yet, however, is but a dream, but which will probably become a permanent and valuable institution.

Why is it, that a human life must be taken every time a term of the Circuit Court is convened in this district? During the last term of court here Matt Thomas killed Dillard Crow. On the first day of the last term at Richmond, Brack Maupin killed James Harris. On the Sunday that fell between the first and second weeks of the Jessamine Court, a white man killed a negro at High Bridge, in Jessamine county, and now on the first day of the first week of the present term in Powell the news comes that Wm. Bowen, Jr., was shot and killed by Henry Skidmore, and that Reese Bowen, in turn, shot and killed Skidmore.

Will some one explain why these fatalities come along with each term of court?

How would it do for the juries to take a hand in the killing business?—Winchester Sun.

Mrs. Wilson will be the first Southern Lady to occupy position of the "First Lady of the Land" since Mrs. Andrew Johnson held that honor from 1865 to 1869. It is believed that Mrs. Wilson will prove to be a very charming hostess. She is very refined and of high culture, and these qualities had much to do with helping her husband to win the high office of the President of the United States.

Thanksgiving turkey is going to be extremely high this year, but no good Democrat will feel that in the circumstances any expense should interfere with suitable celebration.

Gov. Wilson is saying very little, but he has his ear to the ground, and is listening carefully to the pulse of the great American heart. In other words he is earnestly seeking after information and the wishes of the people in regard to the course he shall pursue when he enters the White House.

It is said that elephants often attain to an age greater than 100 years, but we presume that this is not true of an elephant subjected to many and severe nervous shocks.

The express companies complain that the new lower rates will cost them \$33,000,000 a year. This is very encouraging to the rest of us.

A great many seem to have voted for Taft for ex-president.

Thus the Outlook is able to retain its contributing editor.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was considered to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional

disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Why Women Are Not Rich.

Man is a millionaire many times over in the possession of blood cells. Woman is not quite so rich, for scientists have proven that the normal man has five million—the woman only four and a half million to a cubic millimetre of blood. A decrease in number of red blood corpuscles and a person "looks pale"—in fact, is anemic, the blood does not get the right food and probably the stomach is disordered.

Dr. R. V. Pierce found years ago that a glyceric extract of golden seal and Oregon grape roots, queen's root and bloodroot with black cherry bark, would help the assimilation of the food in the stomach, correct liver ills and in Nature's own way increase the red blood corpuscles. This medicine he called Dr. Pierce's Golden Medical Discovery. By assimilating the food eaten the system is nourished and the blood takes on a rich red color. Nervousness is only "the cry of the starved nerves for food," and when the nerves are fed on rich red blood the person loses those irritable feelings, sleeps well at night and is refreshed in the morning.

"I was attacked with a severe nervous disease, which was caused by a disordered stomach and liver," writes Mr. J. D. Lively, of Winchester, Tenn., Nov. 2, 1912. "All my friends thought I would die, and the best physicians gave me up. I was advised to try Dr. Pierce's Golden Medical Discovery, and derived much benefit from same. My case had run so long, it had become so chronic that nothing would effect a permanent cure, but Dr. Pierce's medicine has done much for me and I highly recommend it. I heartily advise its use as a spring tonic, and further advise all my people to take Dr. Pierce's medicine before their diseases have run so long that there is no chance to be cured."

D'SPLAY TO COST MANY THOUSAND

CHILD WELFARE EXHIBIT AND
CONFERENCE AT LOUISVILLE
NOVEMBER 21-30.

TO BE HELD IN BIG ARMORY

For The Redemption of the Young of
the Present Generation and Future
Generations Great Meeting
Will be Held.

The Kentucky Child Welfare Conference and Exhibit, designed for the ultimate redemption of the children of Kentucky, even until the third and fourth generations and primarily designed for the reclamation of these children of the present generation, will be held in the commodious First Regiment Armory in Louisville, November 21-30. The exhibit proper will be in session ten days. The conference will be in session three days, November 25-27 and the conference will be held in the Warren Memorial Presbyterian Church, corner Fourth and Broadway, one of the most convenient meeting places in Louisville.

That the child is father to the man is the belief of those back of the Child Welfare Exhibit, and to give the child at least an even break for health, lib-

erty and pursuit of happiness its aim. The purpose of the exhibit will be shown "What we are doing for children; what we are not doing for children; what we ought to do for children."

The Kentucky Child Welfare Exhibit organization has been in existence since last January, but its work has been so unostentatious, so quiet, so unobtrusive that few realize its magnitude and scope. Beginning the night of November 21 at 8 o'clock and lasting ten days the public will have an opportunity to judge of the vastness of the undertaking. The exhibit will be held at the armory and will be open daily from 10 o'clock in the morning until 10 o'clock at night with the exception of Sunday and Thanksgiving day, when it will open at 2 o'clock in the afternoon and remain open until 10 o'clock at night.

Scope Comprehensive.

Everything that relates to the child, from the cradle to the parent, to the child who, to epitomize, the child is the child of the future, moving pictures, live exhibits, modeling, manual training, free clinics, and a children's and kitchen, dirty and clean men, model playground, and a demonstration of the work done at the child welfare center and the Babies' Hospital will have a booth which will be in charge of a trained nurse, and mothers can leave their babies, and fresh pure milk will be provided.

The conditions and needs of Kentucky children will be shown in the following sections: Health, schools, the child and the law, settlements and educational movement, recreation, industrial education, moral and religious life, children's life and schools, philanthropy and homes.

Five hundred volunteer "explainers" working in four-hour shifts will be well posted in the particular branch they are to elucidate and will give any information desired.

The officers of the Kentucky Child Welfare Exhibit are: Mrs. Morris Bell, president; Mrs. Alfred Brantley,

Much Detail Involved.

The tremendous amount of detail work attached to such a stupendous undertaking can be grasped only fully by a visit to the headquarters in the Armory. The only handicap that has entered is the very serious one of money. The New York Child Welfare Exhibit shows cost \$100,000 and was visited by 250,000. The screens used there were used in Chicago, and in addition \$50,000 was expended.

These efforts were awarded by an attendance of 400,000. Exhibits have been held in Kansas City and Northampton, Mass., and are to be held in St. Louis and Montreal. Then Kentucky Child Welfare Exhibit has secured nearly \$4,000 so far, but much more is needed. Donations may be sent to the Kentucky Child Welfare Exhibit at the Armory.

The Child Welfare Exhibit has been accorded the hearty co-operation of the Board of Health, Board of Tuberculosis Hospital, various charity organizations and the churches. Statistics have been looked up, information of technical character furnished, reports on local conditions in various branches have been submitted and tabulated after being verified. The various committees total 230 men and women. But, as is usually the case where committees are appointed, a few active spirits do the work and the others come strong on the suggestion end. That the workers, the real workers, have been unremitting in their efforts is shown by the splendid results achieved.

Farm Drain Tile

Make Your Wet Land Productive.

By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.

Bad Spells

"I suffered, during girlhood, from womanly weakness," writes Mrs. Mollie Navy, of Walnut, N. C. "At last, I was almost bed-ridden, and had to give up. We had three doctors. All the time, I was getting worse. I had bad spells, that lasted from 7 to 28 days. In one week, after I gave Cardui a trial, I could eat, sleep, and joke, as well as anybody. In 8 weeks, I was well. I had been an invalid for 5 weary years! Cardui relieved me, when everything else failed."

TAKE CARDUI The Woman's Tonic

If you are weak and ailing, think what it would mean, to you, to recover as quickly as Mrs. Navy did. For more than 50 years, this purely vegetable, tonic remedy, for women, has been used by thousands of weak and ailing sufferers. They found it of real value in relieving their aches and pains. Why suffer longer? A remedy that has relieved and helped so many, is ready, at the nearest drug store, for use, at once, by you. Try it, today.
